**Scope and Policy**

Business Perspectives and Research (ISSN 2278 - 5337) bearing registration number (DELENG/2012/48507), the research journal of KJ Somaiya Institute of Management Studies and Research (SIMSR) VidyaVihar, Mumbai, India is a biannual refereed journal with a double blind peer review process. Business Perspectives and Research invites articles in all areas of general and functional management, relevant to public /private /non-profit organizations. The aim is to help expand the management knowledge for use in the organization. The work could be from macro or micro perspective and how it impacts the workplace. Papers are welcome not only from business schools and practitioners from the industry but also from relevant Social Science disciplines such as Sociology, Economics, Psychology, Environment and Human Rights as these disciplines also contribute significantly toward the understanding of business and management. The theme of the paper should be relevant to business management.

Articles submitted for it are reviewed by members of the editorial board and external referees.
